PROPERTY AT 411 S. CENTRAL
PURCHASED BY SUPERINTEN-
DENT OF MORELAND PLANT

Theodore E. Peirce of 317 Vine street has just sold attractive property, consisting of a house and lot at 411 South Central avenue, to Mr. and Mrs. Clark Bottsford of Los Angeles. Mr. Bottsford will be the superintendent of the new plant of the Moreland Truck Company which is building just over the line in Burbank and which is expected to be ready for operation by the first of the year. The Bottsfords will not take possession of their purchase until that time and have leased it for occupation in the meantime by Mr. and Mrs. Willis. The Bottsfords have a thirteen-year-old daughter whom they expect to enter in the Glendale High School and they have bought now to make sure of a residence here, when the works start up.

WOMAN'S DAY AT PRESBYTER- IAN CHURCH

Regular monthly meeting of the joint Ladies' Aid and Missionary Society was held at the Presbyterian Church Tuesday, October 21st. A pleasant, profitable morning was spent in sewing by members of the Ladies' Aid Society and a dainty lunch was served at noon by an efficient committee, of which Mrs. George G. Lemon was chairman. Miss Sargent of Los Angeles entertained with a table talk on the work being done among the poor of our neighboring city, and gave an earnest plea in behalf of the effort being carried on by the Woman's Council of Community Service.

At two o'clock the meeting of the regular monthly Missionary Society was called to order in charge of Mrs. F. A. Buck and Mrs. W. S. Perrin. Following the devotional service, led by Mrs. J. F. Lilly, came an educational half-hour, in which Mrs. Baker, of 331 North Maryland avenue, gave an excellent review of the book soon to be studied in the mission study class, "A Crusade of Compassion for the Healing of the Nations." Short talks on Persia by Mrs. M. P. Harrison, acting president of the society, and Mrs. Z. L. Hesse, vice-president, and an interesting paper on the missionary work in Alaska, given by Mrs. Perrin, completed a happy and profitable day.

Mr. Lindley is now preparing plans for a new Japanese Church to be built in Los Angeles at the corner of Twelfth and New Hampshire. It is to be an institutional church of classic design with a total seating capacity of about five hundred persons. There is, of course, provision for Sunday School rooms and for the social activities of the organization including a social hall with a stage for entertainments which will be equipped with a moving picture machine, a banquet hall, a kitchen, game rooms, shower rooms, etc. It will be of frame construction with plaster exterior having large Corinthian columns and pilasters with Corinthian capitals.

STEREOSCOPIC CAMERA TESTS

Dr. C. * Stuart Steelman reports that the head camera man at Lasky's Studio is experimenting with his stereoscopic camera in photographing a big "set." He is very anxious to see some of the pictures, but has been so crowded by the many calls or "glasses" on the part of good patrons that he has had no time to visit the studio. He is now grinding a new set of lenses for the purpose of applying his invention to the Bell & Howe camera which is regarded as the best camera on the market, he says.

NEW YORK, Oct. 22.—Although the longshoremen strike committee declared the strike ended yesterday, no men returned to work on the water front here today. The radical element among the strikers has named a new strike committee, prepared new demands and planned a continuance of the strike.

STRANDED AT POINT PEDRO SEVENTEEN MILES FROM GOLDEN GATE IS FLOATED BY TUGS

(Special Service to Glendale Evening News)

SAN FRANCISCO, Oct. 22.—The ten-thousand-ton liner Nippon Maru, of the Toyo Kissen Kaisha Line, entering port from Japan, ran aground at Pedro Point seventeen miles south of Golden Gate at 7:20 o'clock this morning. Tugs went to the rescue and floated the vessel at nine o'clock. The damage was slight. The vessel had aboard over two hundred passengers. She was being towed into port this morning.

ALSO TELEPHONES FOR SECRETARY TUMULTY TO REPORT TO HIM ON INDUSTRIAL CONFERENCE

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 22.—President Wilson's physicians issued the following statement today:

“The President had one of the best night’s rest since his illness began. His temperature, pulse and respiration rate continue normal. His digestion is more satisfactory.”

Immediately following his breakfast the President had Mrs. Wilson telephone to Secretary Tumulty for a report on the progress of the Industrial Conference.

Admiral Grayson, Dr. Young of Baltimore and Dr. Fowler of Washington will hold another consultation this afternoon. Admiral Grayson is guarding against the President's over-exerting himself in public matters and declares the rest cure has not been abandoned. It was learned, however, that the President signed several bills this morning.

A. W. SCUDDER REPORTS TRE- MENDOUS BUSINESS ACTIVI- TY IN AKRON, OHIO

Mr. and Mrs. A. W. Scudder, of 320 West Harvard street, arrived in Glendale Monday night after a two months' sojourn in the east. Mr. Scudder is a veteran of the Civil War and went to attend the Grand National Encampment at Columbus, Ohio. They left here August 20th and spent the intervening time before the convention opened visiting relatives and old friends in Summit county, Ohio. Akron, Ohio, where they formerly lived and where they still own a home, is booming and property values advancing "beyond all reason," Mr. Scudder affirms. He is urging his son to sell the place they own while the selling is good. A great deal of building is in progress, he says, but it cannot keep up with the demand. Even rooms are scarce and high, and all the hotels are crowded. The veteran declares the damp air of Ohio affected his throat unpleasantly and he is glad to get back to the dryer air of Glendale.

Mr. and Mrs. Scudder so planned their return journey as to take in the Royal Gorge by daylight and they also had a five-hour stop in Salt Lake City, which they enjoyed very much.

LITERARY SECTION MEETS

The Literary Section of the Tuesday Afternoon Club met at the home of its curator, Mrs. Charles Hutchinson, at 2:30 o'clock Tuesday afternoon. Twenty-nine ladies were present and gave evidence of immensely enjoying the fine program provided for the day which included a review of current events in science, invention and topics of the day by Mrs. Blake Franklin, literature and religion by Mrs. F. W. Baker, the geography and history of Serbia by Mrs. Goldthwaite. As it was not possible to secure the book review planned for the day, a review of a book on "Africa and the War," which was made by Mrs. Opal Greenwalt, was substituted. Each review was followed by general discussion which was most interesting. Mrs. Bartlett, local chairman of Serbian relief, made an earnest plea for that work and the section voted to establish a contribution box which shall be in evidence at each meeting. The curator and members are much pleased with the new start the section has made.

HOME FROM SIBERIA

**FRED REED, BROTHER OF MRS.
W. A. GIBSON AND COUSIN OF
MRS. BETZ REACHES FRISCO.**

Mrs. Harry Betz of 424 North Kenwood, with other relatives, is delighted over news just received that her cousin, Fred Reed, arrived in San Francisco from Siberia last Saturday and is expected to reach Los Angeles today. He is a brother of Mrs. W. A. Gibson of 518 East Windsor Road, this city, and left here with other Glendale boys a year ago last April for army service. Mrs. Gibson expects him to be with her for several days and his many Glendale friends will be glad to meet him and learn of his experiences in the land of the Bolsheviki. His brother-in-law, W. A. Gibson, who is a buyer for the Robinson Company, has gone to New York to make purchases for that firm.

Mrs. Margaret Burchfield of 642 North Kenwood street, who has been quite ill for the past two weeks with inflammatory rheumatism, is improving.

WHAT IS LITERARY SCHOLARSHIP

What is a scholarship? It is not a search for facts, but a search for truths, to which facts may or may not be the stepping-stones. Accurate data have their place in certain provinces, and certain provinces only, of literary scholarship. But far more essential than they in every province is the resurrection or preservation of moods, feelings, attitudes of mind. These are our national heritage gained by the great dead after years of struggle, not capable of being more than dimly adumbrated on paper, lost forever to the world save as new minds are trained to receive them from the old. No great poem exists in print; any psychologist can tell us that. It exists in a living mind. It flames up in the reader's brain at the sight of the printed page. If German scholarship could so sterilize every reader's brain that no one of them would respond, that poem, as poetry, would cease to exist on the earth, though there were a million accurate texts of it in our libraries, guarding it as a grammatical exhibit. More important than the scholarship that preserves variant readings is the scholarship that keeps alive in us the power to read. Eminently respectable is the scholarship which tells us that Shakespeare once lived in Silver street. Far more important is the scholarship which tells us that Shakespeare will live with us today in Arden.—Frederick E. Pierce in Yale Review.

FIVE NATIONS IN BUSINESS CONFERENCE

(By United Press)
ATLANTIC CITY, N. J., Oct. 22.—Business men of five nations met here today, bringing together in an international conference representatives of the governments and industries under auspices of the United States Chamber of Commerce. Delegations from France, Belgium, England and Italy comprised the foreign guests.

Working out plans for effective financing of European countries for development of trade relations between the hemispheres are the primary reasons for the meeting, according to David A. Skinner, assistant secretary of the Chamber.

Among the delegates from the European nations are: Guglielmo Marconi, father of the wireless telegraph inventor; Salvatore Tagliavia, mayor of Palermo, Italy; M. Va de Yvere, Belgian minister of state; E. Van der Vel, president of Louvain University; Pellorin de la Touche, president of the Compagnie Generale Transatlantique; Jean Clement, representing the French Minister of Commerce; Marshall Stevens, member of the British parliament, and Bailie J. King, Glasgow, chairman of the National Light Casting Association.

Commenting on the importance of the convention, Secretary Skinner said: "American manufacturers and financiers are conscious of the fact that it is up to the business men of America to provide an effective working plan for capitalizing the war-stricken allied countries of Europe, which, after all, is the great market of this country."

"It is remarkable to note the tremendous interest which has been aroused by this international conference. Every trade and industry in the United States is sending its keenest representatives. American business and financiers are realizing that their future depends largely on the speedy rehabilitation of Europe. With the prospect of an early ratification of the peace treaty there is now at hand great need for a system of financing European countries."

Master Kenneth Cousins of Hollywood, formerly of Casa Verdugo, spent the week-end as the guest of Master Jack Ewins of South Verdugo Road.

Ladies of the Wednesday Club, which numbers about fourteen members, are meeting at the home of Mrs. Frank Hester on Maple avenue today for an informal social afternoon.

A Philatelic class composed of about fifteen young women of the Baptist Sunday School, was organized last week and met at the home of Miss Cora Powell on Jackson St., who is teacher of the class. They plan to have social meetings once a month.

Mrs. G. Phillips, Miss Reba Phillips, Victor W. Daniels and Miss Eva Daniels were entertained Sunday at the home of Mr. and Mrs. I. S. Levitt at 649 North New Hampshire street, Los Angeles. The Levitts moved from Glendale in July and are very pleasantly situated.

Theodore Peirce of 317 Vine street is now in San Francisco to open there a branch of the Weber Show Case Company, which has its home office in Los Angeles. He reports that business conditions are very good in the Bay City and he considers it an auspicious time to carry out a plan long in contemplation to establish offices there.

Hal Davenport reports the sale of one house and lot Saturday, one Monday and two Tuesday as a sample of real estate activity in his part of Glendale. All rentable houses are gone, he says. Also he is authority for the statement that acreage is in good demand.

Mr. Gysin, the sign-drafting expert who recently came to Glendale from Colorado, moved Tuesday into a home he has purchased at 225 S. Orange street. It was formerly the property of Guy Richards who disposed of it not long ago and it has now been resold to Mr. Gysin.

Eighty-five was the bag of Harry MacBain, Dr. T. C. Young and Clyde Morrison as the result of their three-day duck shooting excursion to Elizabeth Lake. It does not represent however all the fun they had which cannot so easily be measured or counted. They report poor roads via Bouquet Canyon, but good ones by way of San Francisco.

D. Ripley Jackson of Chestnut street has been quite busy of late ministering to his brother-in-law, Colonel Frazer, and looking after his business affairs. It seems the colonel was taken suddenly ill recently and had to be rushed to the Pacific Hospital where he underwent an operation. He has now so far recovered that he will soon be moved to his home in Hollywood.

The Richard Gridley Chapter of the D. A. R. was represented by Mrs. J. H. Braly, its regent, Mrs. C. W. Houston, vice-regent, and Mrs. S. C. Leppelman, treasurer at the big reciprocity reception for Southern California chapters of the Daughters of the American Revolution, which was held at the Alexandria. Mrs. Braly reports that three hundred or more delegates were addressed by Mrs. Frank Gibson and by a representative Russian speaker on the subject of "Americanization." Mrs. Cottle, the State Regent, was present and supplemented the recommendations of the speakers named.

Mr. and Mrs. Frank C. Ayars, who moved from Chestnut street are now settled in their new home at 209 N. Orange street and on Sunday had a little house warming at which they entertained a few relatives at dinner. The guest of honor was Mrs. M. M. Winslow of 212 Orange, the aunt of Mrs. Ayars and sister of her mother, Mrs. L. W. Needham, who was also a guest. Covers were likewise laid for Mrs. Winslow's daughter, Mrs. Leavitt, and her son, Will Winslow, for Carolyn, Robert and Alice Ayars, and for the host and hostess. Beautiful roses from their own garden centered the table.

DAMAGE SUIT

Quite an exciting session was held in the courtroom of Judge Harry Miller on Brand boulevard Tuesday afternoon when a damage suit brought by a Mr. Prather, of Los Angeles, against Mr. Teichreit, of Burbank, had a hearing. Prather is the non-resident owner of a ranch which he had leased to the defendant. He claimed that the lessor had not taken proper care of the property, that it had been damaged in consequence and that he had not received his rightful share of the proceeds. Fifteen or sixteen witnesses from Lankershim and Burbank were called to testify and Miss S. E. Pollard, of this city, was engaged to make a stenographic record of their testimony. A compromise was finally reached and a settlement effected.

TEACHERS' RECEPTION

(Continued from Page 1)

Ringquest of Doran street; Mrs. Lucas of Pacific avenue; Mrs. Kulp of Broadway; Mesdames Puffer and Thompson of the High School and Mesdames Moore, Priault and Pittenger of the Cerritos Avenue School.

Charming music was furnished throughout the evening by five violinists of the Music Department of Glendale High with piano accompaniment by their director, Mrs. Dora Gibson, the boys and girls to whom the guests were so greatly indebted being: Faith Tarling, Genevieve Morgan, Isalah Sinclair, Virgil Drenberg and Herbert Bruck. Their program included Intermezzo from "Cavaleria Rusticana," "Angels' Serenade," and some spirited Marches.

The formal program was very brief. It opened with a word of greeting by the president of the Federation, Mrs. A. A. Barton, who expressed for the Associations the appreciation its members feel of the splendid work being done by the teachers of Glendale, also their desire to promote a closer acquaintance between parents and the instructors of their children. She declared it would be one of the main efforts of the Federation the coming year, this promotion of acquaintance and understanding.

Mrs. Barton then introduced Miss Clara Midcalf, president of the Teachers' Club, who responded on behalf of her colleagues, voicing their appreciation of the friendly attitude of Glendale parents. Then Mrs. George U. Moyse, dean of girls of Glendale High, carried on the theme as spokeswoman for the instructors in that institution.

Each school had been assigned a place and a banner and there the teachers in the respective schools gathered to receive the greetings of parents. With so many schools represented it became quite a progressive reception and a very pleasant one for all concerned.

At the proper time and probably the psychological moment when the audience was best prepared to enjoy it, Mrs. Barton called the assembly to order to introduce Mrs. Mabel Capell, the vocal soloist of the evening and her piano accompanist, Miss Gertrude Champlain. Mrs. Capell sang most beautifully "Dawn" by James Curran, "Oh, Love but a Day" by Hallette Gilbarte, and for an encore, "Last Rose of Summer," exquisitely rendered.

Mrs. Timothy completed the program giving the Cornstalk Fiddle by Paul Laurence Dunbar and responding to an enthusiastic encore with the same poet's "Accountability," both negro dialect numbers finely interpreted.

Everybody was then invited to patronize the punch tables and enjoy the home-made cake served in big generous slices with plenty of the kind of frosting we didn't get in war times and washed down with well-sweetened punch. It was so good that some of the guests made the rounds two or three times and ate and drank scandalous quantities, playing upon school rivalries and the vanity of hostesses by pretending each was better than the last. There had been no "skimping" in supplies however. The Federation's beautiful hospitality held out and was "as welcome as the flowers in spring." In all respects the reception was a most creditable social affair which will be remembered with pleasure by all who participated.

DEATH OF CIVIL WAR VETERAN

William H. Aiken, long and favorably known among the legal fraternity of San Francisco and later identified with the fruit interests of California, passed to his reward October 11th after a lingering illness covering two years and requiring three separate operations. He will long be remembered for his many benefactions and his philanthropic and patriotic spirit.

Gone to his Father's house,
This chapter closed;
Far from our sight removed,
Sweet his repose.

We may not part the veil
That screens him
Yet loving care is there
Full well we know.

O, blest and well-earned rest!
World-weary soul
Through trial and through stress
You reach the goal.

Never a thought of self
Disturbed his breast
In others' need or woe
All thought addressed.

Full many a Christ-like deed
Suggested is;
Unhampered by all creed
He served his race.

A rich reward is his—
His simple faith:
"God doeth all things well
Trust to His grace."

Rev. and Mrs. C. H. Scott and family are moving to South Pasadena where they were fortunate in finding a house well suited to their needs at 118 El Centro. Their goods are already on the way and they will probably join them this evening turning over to the new pastor, Clyde Monroe Crist, the residence they have been occupying at 315 North Jackson street. Mr. Scott's duties in connection with the projected assembly at Huntington Beach will probably bring him occasionally to Glendale, which has a very warm place in his heart, he says.

I have a block of leases in this particular section that I am selling in blocks of 40 acres and up at \$2.50 an acre. I have a splendid geological report by Prof. E. M. Skeats of San Diego, a well known Californian Geologist, in which he states the indications for oil are good. This particular section is most favorably mentioned in a recent bulletin put out by the U. S. Geological Survey.
